5 bulls or more- 5%

TRUCKING

Contact Mark Mueller 785.547.6054 to make arrangements.

CARE AND FEEDING

Your bulls may be wintered at Diamond M Cattle Company at no cost until April 1. We ask that your bulls be picked up before that time.

RETAINED INTEREST

DMCC will be retaining 1/3 semen revenue sharing interest on every bull selling unless otherwise declared. Full possession and salvage value belong to the purchaser unless otherwise stated.

TERMS & CONDITIONS

Cattle will sell under the standard terms and conditions of the American Simmental Association.

All bulls will be semen tested by Dr. Tom Taul, KABSU.

Announcements from the block take precedence over the sale catalog.

DATA UPDATE

◇ Bulls will be semen tested by Dr. Tom Taul, KABSU.

◇ Scrotal measurements available March 8.

◇ Bulls have not been tested for RC (red charlie)

Welcome to our Bull Sale!

It's our 3rd Annual bull sale, but we've been selling bulls for 35 years! It has been very rewarding to see our genetics soar across the nation over the years and contributing to many programs. We thank you, our valued customers and friends, for all the years.

We've never said this, but this year- we have the best set of bulls we've ever had. We want you to come see for yourself.

At DMCC we believe in cow families, and we stack the good ones. It takes a dang good cow to raise both bulls and females, but we have a cowherd that we can depend on for it. The right cow families build power, and we like power. Power in proven genetics and phenotypic excellence. Take a look at our brand new Donor Directory on our website!

It's getting harder to do, but you can find breeders that don't chase every trend the new year brings. Ones that follow the basics of good cattle. We have those in Hiawatha, Kansas. Bulls that possess the look of the breed, with substance and skeletal power, paired with a good look. Bulls that build herd quality in a practical way. Cattle we stand behind.

Thank you for looking at our sale.

Mark and Matt

Good cattle, come from good cow families. The best way to stay in the business is to start with a solid foundation. DMCC Destiny 222D is an example of one of those desired lineages. A descendant of the legendary Black Blaze II 5T. In the first two lots, we bring to you full brothers by the timeless Remington Lock N Load.

The National champion purebred is reassuring her in-ring dominance with some in-herd dominance. DMCC Destiny 222D has had several past sale highlights to pair with these two fine future herd sires, lots 1&2. And rest assured, there will be several desired females in the fall sale again.

Good cattle come from good cows, and it's never been more evident than through Destiny.

Many of our top-bred females sold recently have been flush mates to lot 5. Heller Cattle Company in South Dakota can attest to the quality of the stock this pedigree has produced. This is the first brother we have offered and are excited for his road ahead. One of the larger framed bulls, who looks to be able to handle tasks asked older bulls.

One of the most renowned Secret Weapon sons has been DMCC Counter Attack, residing at Bird Cattle Company in Texas. Giving breeders a 3/4 Simmental, blaze face option to use on brood cows and heifers. This bull reminds us of his full brother, Counter Attack. The smooth shoulders, wide muzzle, and picture-perfect hind leg, this soon-to-be stud oozes potential and craves usage.

The only offspring offered out of the celebrated GCC Steel Lassie W123 donor. Many popular full sisters to lot 20. You may recall DMCC Anna 27A, a donor at Diamond M and dam of a past World Beef Expo winning female DMCC Fiona 30F, and DMCC Jackie 25J, donors in the Roberts Cattle program in Montana.

A SAM bull rising in popularity has been lot 23. He has all the genetics of the two previously shown future sires but also has added in a little Pays to Believe. I'd draw your attention to the fact that his mother is also a full sib to the DMCC Dark Horse herd sire at DMCC, & the sire of lots 34-36.

Hidden at the beginning of 5T's progeny report, you will find a female by the name of Blaze's Spirit. An In Dew Time donor that quite frankly was before her time. Producing offspring with today's look and condition years before. The moderately made powerhouse is still making resilient livestock that lives up to the industry standards and goes beyond.

SJF Dionne 6131D is a striking female- one that works. Her first calf by way of Counter Attack is one of the foundation females for Wade Leachman in Montana. But this DMCC Reload son may be one of her best yet. Reload, the full sib to lot 4 in this sale, was responsible for siring DMCC Churchill, one of two high sellers in the '22 DMCC bull sale, purchased by Ryan Byrd.

Many sales have come and gone over the years and perhaps no animal more memorable than our sale-topping bred female nicknamed Emerson, purchased by Burke Show cattle. Her dam, and also the dam of lot 26, has stayed tried and true as one of our lead A.I. cows on the ranch. The DCC New Look female is still in production as a 15-year-old, showing what longevity is all about.

Remington Secret Weapon is most consistent bull across all breeds that we have been involved with. He just works, with anything! His consistency has stayed true, as more and more offspring show up in countless programs around the country. Cattle that have the desired look, mature at the preferred rate, and continually perform. Here is your chance at young sire out of him and this time by way of our up-and-coming donor Queen Miles T5.

EXAR Lutton bred cattle have always seemed to work for us here in Northeast Ks. Providing the depth of body and keeping structural width and power, in the stock that many other sires cannot. Lot 28 has all of that and plenty more. Bone quality, correctness, and hairy. This sire prospect might just help you raise your own banner winners for the foreseeable future
